To the Phila Library Oct 3rd 1857

Commissioners of the County of Phila

Gent:

The Directors of the Library Co of Phila having received from the Tax Collector of Walnut Ward a bill of Taxes as follows

5th Library	15000	243.—
Law Buildings	111111	178.20
		$421.20

they have instructed me to appeal from the first item $243.—

This is the first time that the Library Building itself has been assessed for taxation, & believing that it is still exempt by law the Directors beg to call your attention to the Law of last Session Section 13 of page 525 which runs as follows,

"That all property, real or personal, belonging to any association or incorporated company which is now by law exempt from taxation (other than that in the actual use and occupation of such association and incorporated company) and from which

an income or revenue is derived from the owners thereof, shall hereafter be subject to taxation," &c.

The building at the corner of 5" & Library clearly comes under the exception italicized above, inasmuch as it is in the actual use and occupation of the Company & no income or revenue is derived from it or from any part of it. Requesting therefore that the first item $243.. be deducted from the Library Co. Bill, Jan &c
