

The section of the building, it was in fact to be made the
 at the same time
 associated with the building of the character
 shown by the accompanying plan, with a building
 which is at least as large as the Committee, which
 would be a considerable amount for the building, it was
 in the early form shown with a gallery space for
 \$25 to \$30,000, and with two galleries about
 \$25 to \$30,000, even is not by the \$30,000, this
 has been a building of the type
 organized in the building about \$35,000
 the other
 the other which is not at all about the
 from records of the building, is \$36,000.
 The estimate getting it, including building and furniture
 would be about \$10,000 to \$12,000.
 The Committee is going by the dimensions of the
 The cost of canvas, and is increased if a larger
 number of volumes are contemplated. But the Committee
 think that the plan shown is
 enough for the object contemplated. Why have
 they thought of the new building shown in Section 16
 cannot be determined, and to duplicate of which give a
 large number of it, it is not that the building
 the members believe. Reflecting on the Committee's plan
 which is of the building shown by the drawing, it is
 possible one will be not adapted in any other the
 the fact, the building shown is large, but of the day
 to their own eyes, it is by the means of the
