Explanation of the Gas Meter.

Each division on the right hand circle denotes 100 feet, and on the centre circle, 1,000 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the *lowest* figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the statement to be 32,300. If at a former observation the hands were at the dotted lines, the statement then was 20,200; and the difference between the two statements is the amount of Gas consumed—viz. 12,100 Cubic feet.

TERMS.—Extract from Ordinance passed by Common and Select Councils.—Revised 12th July, 1839.

Sec. 2. Gas will be supplied by the meter; and should the meters be found defective, they will be immediately changed. And in case of their ceasing to register the quantity of Gas consumed, the account will be made by the average of another meter, or by the amount charged during a previous corresponding period, at the discretion of the Trustees. Sec. 4. The meter and service pipe, from the main to the inside of the building to be lighted, (not exceeding the length of sixteen feet,) will be furnished and laid by the Trustees, without cost to the consumers. The expense of the stop-cock, or other apparatus, and all extra service pipe, bends, &c., which may be required, shall be reimbursed to the Trustees by the consumer of Gas upon the premises. Sec. 10. The Trustees, their Inspector, and other authorized agents, shall at all times, have the right of free access into the premises lighted with Gas, for the purpose of examining the whole Gas apparatus, or for the removal of the meter and service pipe. Sec. 11. The tenant of any premises using Gas, shall give at least three days written notice whenever he is about to remove, that the Gas may be stopped, or he will remain liable for any Gas that may pass through the meter until such notice is given. Sec. 13. IN DEFAULT OF PAYMENT FOR GAS CONSUMED WITHIN TEN DAYS after a bill is rendered, or in case of a leak, or injury done to the meter or pipes, within the premises of any consumer, THE FLOW OF GAS MAY BE STOPPED UNTIL THE BILL IS PAID, or the necessary repairs are made. Sec. 15. The Trustees reserve to themselves the right to refuse to introduce Gas into any premises until all arrears due in the said premises shall have been paid.
