N.B. Counterpart produced but not executed

14th June 1877. Ed. Borsale & ux^e to the Library Company
am^t £. 600 - all the first mentioned lot
bounded as described & found by measurement
to contain 60 feet in breadth 180 depths

From the above deeds I conclude the Library company
now holds the whole lot as granted by I. Pemberton,
the counterpart of the deed to Guy ~~appears~~ not appearing to have been
executed by him, & I can find nothing to prevent
the directors from obtaining possession by process
of ejectment if the persons in possession refuse to
leave the premises peaceably.

W. Borsale.
