Gentlemen

Dec<sup>r</sup> 6 1792 University

In the Course of thirty Years Service some of the glasses  
belonging to the Air Pump Apparatus of the University have been  
broken, so that we cannot exhibit some important Experiments  
such as the equal Descent of light & heavy Bodies in Vacuum, for  
Want of a tall Receiver; I would therefore be much obliged for the  
Use of one of your tall Receivers on Saturday next for a few  
minutes, and I shall take Care that it be immediately returned safe.

I am, Gentlemen,

your most obed<sup>t</sup>

very humble Serv<sup>t</sup>

John Diving
