precisely as you now receive in amount
with an addition in money or securities
over and above it - and now comes
the tug of our conflict. I wish to obtain
it with as good a margin as I can get
and he does not properly weigh my
undertaking, & difficulties consequent
upon my position with the lessee and
I may ^{add} neighborhood & country

He only looks to the percentage for the library
without even a thought for lawyers
fees & other expenses, and last not least
the turmoil & difficulty that must be
encountered in the new arrangement

Before the explosion of the Union
moved by its mighty engine of power
I offered him \$10,000 in addition to what
you now receive, & take upon myself
to fight your battles here - had I offered
less - he would have suggested what I
have offered as satisfactory - but as I
know that I must encounter heavy
expenses & have to deal with ^{the} unconionable
profusion of law I must have some
margin to make the undertaking an
object. to warrant a fight with my neighbors
