

and upon mature reflection
It has suggested itself to my reasoning
whether I have not already been too
liberal, -

Mr. Wheeden the present Own-
-part of the Paper mill leaves it for
a new one which he is erecting in
Sambertville, in fact they are all
preparing the Property to have the
worst aspect possible.

I would like
your late as with as original survey
and a copy of the lease if you could
Oblige me - I am under the impression
that there is no any more than your
estimate.

Whatever is done must be
done quickly & may I beg your attention
and ^{to} hear from you soon

Yr friend truly
Lewis H. Goryell
