

Doylestown Dec 26. 1880

Dear Sir

I received your letter during the Session of our Court and had not the leisure to see any of the parties until this week. I have submitted your proposition to them and they will have a meeting soon and give me an answer.

I do not believe they will be willing to pay the Amount you mention.

You say that you have been approached by other parties to purchase your right. The tenants understood you to be unwilling to sell your interest. If you have any idea of doing this, had you would it not be better to make the tenants an offer to sell & see what they would be willing to buy you out. I understand your offer to be —

~~per year~~ yearly rent \$ 1345
present do 155
whole annual rent \$ 1500

Yours truly
C. E. Dubois
