The Committee on Deeds issuing from
the Bucks County Lands granted to the Libra-
ry Company ^{of Philadelphia} by ~~the~~ ~~James Logan~~

Respectfully Report that ~~im-~~
~~mediately~~ after their appointment on the 3. Feby
a.d. 1859, they paid a visit to the lands in
Bucks County, and met there a number of
the Tenants They soon found that the con-
struction which the latter put upon the
Deeds from Our James Logan to Jonathan
D Ingham, was very different from that
given to them by your Committee

The Tenants insisted
1st That the valuation of the land required
to be made, was merely to ascertain the
actual annual profit the land if fairly cul-
tivated would produce, which they ascertained
was never over and generally under 3 p^{ct} on
their market value. and,
2^{dly} That even this valuation was to be taken
Subject to the deduction arising from taxes
repairs and other incidental expenses, ^{as well as} the
restriction in the deeds in relation to the
woodland and the ores found in the prop-
erty.

Yours
