It might be worth your while
to call him up by telephone
"George Wilson Co" and ask
him to look at the bills
It may be he could give
you something that would be
cheaper and better - He
is entirely trustworthy, and
has often given me advice
against his immediate interest
which has saved me money.

As to investing other
funds I suppose you might
as well wait till October
Yours sincerely
J-H-Turner

PS - I expect C to have in evidence
