My Dear Sir,

I have been twice this morning in search of Dr. Butler at his house & Vestry Room but failed to find him. I desired to bring him down to ~~see~~ & see if we could render you any service in closing up the Committee. Not meeting you at your store I send this line to apprise you of my readiness to do any thing in my power to lighten your labors, or facilitate your work

Very truly yours
Wm. Suddards.
