

I have great pleasure in certifying that I have tried your Square Pianos, and find them equal, if not superior to any in this country. Among their great qualities, which distinguish them, is the evenness of tone, the agreeable and easy touch, and volume of tone. Wishing you all the success you so highly deserve, I am, sir, yours very truly,

S. THALBERG.

Translation, (From the French.)
After having played on the Piano of Messrs. KNABE & Co. it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities of *TOSE*. The Bass is powerful, without harshness, and the upper notes sweet, clear and harmoniously mellow, (crystalline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal if not superior to the best manufactured in Europe or this country by the most celebrated makers.

Signed,

L. M. GOTTSCHALK.
