

I heard this the other day -
perhaps it may please you.

The little penguins look alike
just as Ihe resembles Mike
They are so gentle and so nice
God keep these little birds
on ice.

I had a marvelous time in
New York & Mass - I'll have to
tell you about it when you
come back - I met a girl (Swedish
who came to the U.S. in a
whaler) - Be sure and let me

this letter and handy and
let them say it for me.

Don't forget, now, you
are to write me about the
first whale you see, and
and when you take the
cup for the jumping from
the Matheson to Lake
Monty let me know so
I can send a telegram of
congratulations. Remember
Gartarin in the Alps?
