

the German Theatre,
 which I have here preserved a
 of performances, was for-
 only two three story brick build-
 ings, adjoining on the West-
 the Chestnut-street-theatre, (See
 picture p. 67 and 68.) and occu-
 pied for many years by
 Carles as a tavern and eating
 house. The interior is now
 quite a snug little theatre;
 and has been variously oc-
 cupied by "nigger" melodists
 and similar exhibitions. The
 German company now acting
 there, is quite a novelty, and
 their performance rather tol-
 erable. ~~quite a novelty~~
 The audience, very res-
 table as regards character &
 us.

THE GERMAN THEATRE.—We would call the at-
 tion of such among our readers as are conversant with
 the German language, or who are desirous of witnessing
 at must be in any case a curious and amusing specta-
 to the fact that a German dramatic troupe of more
 ordinary merit are at present playing at the Melo-
 n. We were much gratified with their performance
 terday evening, (Aug. 20) in *Stadt und Land*, or
 "Town and Country," and were not less pleased at the
 same time with the quiet, orderly conduct of the audi-
 ence, and the remarkable discrimination which they
 evinced, in criticising the performance. As there is no
 method of learning to understand a foreign tongue to be
 compared with that of listening to dramatic perform-
 ances, we trust that the "Deutsches National Theater"
 will meet with that patronage which it justly merits from
 our amateur students of the tongue of Schiller and
 Goethe.
