WHITE'S HAIR REGENERATOR, OR AMBER GLOSS.

The wonderful success attending this universally approved and admired article, its physical effects upon the skin, and its chemical agreement with the hair, which have been fully established by observation, stamp it the most splendid triumph of the Chemist in the Cosmetic art. Hair washed with the Regenerator becomes pleasingly soft and luxuriant in its growth. As a regenerator of the Hair it acts with magic virtue, and gives it a gloss that calls forth general admiration, and if the directions are adhered to, it will positively bring in new hair where it has been smooth for years. (See the certificates annexed.) Hair that has been made harsh, or falling out, will soon be returned to its natural color and brilliancy by the use of the Regenerator. Loosening of the hair, which frequently occurs in young as well as middle-aged and elderly persons, arises generally from a torpid condition of the scalp; and, if neglected, will inevitably terminate in partial or entire baldness. Ladies very generally imagine that when the fibres begin to fall out the mischief cannot be arrested, and their only refuge is the Wigmaker; but I venture to say that there never was a case which the stimulating and re-vitalizing influence of the Regenerator is not capable of curing. Sometimes, instead of a general fall of the Hair, round, white patches of the scalp become denuded, giving the idea, most unjustly, of some disease. In cases of this kind, as well as where the entire scalp is laid bare, the Regenerator has been uniformly applied with success. Ladies will find the Regenerator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the Hair, which, when moistened with the Regenerator, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair. It is recommended by some of our first Physicians.

The following are a few of the many certificates that I am receiving:

Mr. Wm. White—*Dear Sir:* I have no hesitation in recommending your Hair Regenerator, which I have been using to produce the growth of my hair. I've been bald for twelve years. I have used four bottles of your Regenerator, and the top of my head is completely covered with young hair.

Yours truly, GEORGE SNYDER, *South Twelfth street, below Spruce street.*

My Dear Sir: I recommend with much confidence your Hair Regenerator. I was nearly bald on the top of my head, and, before I had used three bottles, plainly discovered it was working wonders in the growth. I shall continue the use of it until the top of my head is as thickly set with the new growth as the other parts of it. I have only used four bottles altogether.

P. E. BIRKHEAD,
Treasurer of the Life and Health Insurance Company, corner of Third and Walnut streets.

Pennsylvania Institution for the Instruction of the Blind.

Sir: I take great pleasure in expressing my thanks for the benefit I've received from the use of your Hair Regenerator, or Amber Gloss. For three years I've suffered from a disease of the scalp. From it my head became bald. After trying various remedies without effect, I was recommended to try your Regenerator. After using it a very short time, my head was perfectly cured, and the baldness is now covered with new hair. I've recommended it to many of my friends. They think it the most valuable compound in use for cleansing the head and dressing the hair.

To Wm. White, Chemist, Philadelphia. M. A. MALLETT.

The following certificate is from Mrs. E. B. Beck, wife of Mr. Henry Beck, the celebrated musician:—

Mr. Wm. White—*Dear Sir:* It is without hesitation I recommend an article which I can of my own personal knowledge endorse as good. From some cause unknown, my hair commenced falling out, and so continued for years. About one month since I was induced to try your Regenerator, and I now find a new crop of hair where it was very thin before.

April 10th, 1850. Yours, truly, Mrs. E. B. BECK.

Pennsylvania Institution for the Instruction of the Blind.

Sir: I've been for these last six years afflicted with a diseased scalp, resembling ringworm or scald head. I tried numerous remedies without effect, when I was induced to commence the use of your Regenerator. I am truly happy to say that I am completely cured.

RACHEL LAIRD.

Philadelphia, October 22, 1850.

HEAR WHAT LOUIS A. GODEY, ESQ., OF THE "LADY'S BOOK," SAYS:

"White's Hair Regenerator" is pronounced by the women folks to be unequaled. It is intended to restore the hair where it has fallen off from sickness or other causes, and to remove dandruff or scurf. Testimonials are numerous in regard to its efficacy. It is delightfully perfumed, and the Ladies, after using it, will pronounce it indispensable to the toilet.

PRICE 25 CENTS PER BOTTLE.

☞ **CAUTION.—Ask for White's Hair Regenerator, or Amber Gloss.** ☜

WHITE'S ESSENCE OF JAMAICA GINGER.

This preparation contains, in a highly concentrated condition, all the medicinal virtue of the White Jamaica Ginger. It is one of the most useful, as well as palatable, of all the Aromatic Preparations in use in medicine, and answers as an excellent Stomachic Cordial in the affections of the stomach and bowels, which are so common during the Summer months, particularly in persons inclined to Dyspepsia, and to painful sensations in the abdomen, from accumulations of flatus in the stomach and bowels.

WHITE'S ESSENCE OF JAMAICA GINGER

Is also very well adapted as a gentle stimulant, to increase the appetite and strength of persons who are convalescing from acute diseases; in these it always speedily allays pain and oppression of the stomach, from irritation or any excess in eating and drinking.

WHITE'S ESSENCE OF JAMAICA GINGER

Is prepared from carefully selected articles of the best quality; it possesses in a concentrated form all the valuable properties of the Jamaica Ginger, and is warranted to be free from all irritating or other properties of an injurious tendency.

It is beneficially used in a variety of circumstances where a warm cordial or a grateful stimulant is required, particularly in cases where there is a sense of exhaustion arising from excessive fatigue or heat; a few drops in half a tumbler of water, with a little sugar, will be found an effectual and most pleasant restorative, which makes this Essence a highly useful addition to the traveler's portmanteau, as well as to the family collection of remedies.

Where there is an unpleasant sense of weight or nausea after eating, from imperfect indigestion, or where nausea is induced from riding in a railroad car, or carriage, or from the motion of a vessel at sea, the Essence of Ginger, if given according to the directions, will almost invariably give relief. In ordinary Diarrhœa, Incipient Cholera, in short, in all cases of prostration of the digestive organs, whether from indulgence or disease, it is of inestimable value. During the summer months, and in Southern climates, it is invaluable, particularly during the prevalence of Epidemic Cholera: no traveler or family should be without it.

CAUTION.—Persons desiring an article that can be relied upon, prepared solely from pure Jamaica Ginger, should be particular to ask for White's Essence of Jamaica Ginger, which is warranted to be what it is represented, and it is neatly put up in large bottles, with full directions.

PRICE 37½ CENTS PER BOTTLE.

Prepared only by Wm. White, Chemist, and sold, wholesale or retail, at the Depot, S. E. cor. Twelfth and Pine Sts.

ALSO, BY THE PRINCIPAL DRUGGISTS THROUGHOUT THE UNITED STATES.
