Certificates of Membership are issued for a FUNERAL BENEFIT, in sums of \$25 to \$1,000. By paying \$1 40 annually, a person 30 years of age can secure a benefit of \$50. At the age of 40, \$1 65 secures the same amount. To secure a benefit of \$100, between the ages of 25 and 30, the rates are \$2 30 per year.

During the months of November and December, 1851, the Association paid to its sick and disabled members, \$9,662. This sum was dispensed in small amounts, to laboring men and women, and relieved an incalculable amount of want, and in many instances saved them from becoming objects of public charity. This fact, of itself, should commend the Association to the notice of municipal bodies throughout the country. After paying this large sum out of the receipts of the two months mentioned, \$3,473 was added to the surplus fund during the same two months—all of which is safely invested, with real estate or preferred stock security. No member of the Association, to obtain his benefits, has ever employed a lawyer, or appealed to a court of justice: his demands have been cheerfully and promptly met, when presented with the required evidence of their justness.

THE MECHANICS' UNION JOURNAL.

This is a Weekly Paper, devoted to the interests of the Association, and contains monthly a report of the receipts and expenses of the Association, with a list of the names of members who have received benefits, the amount each one received, and his residence. This report is sent to every member, by mail, gratis. Over 20,000 copies were issued, containing the December report, and circulated throughout the New England, Middle and Western States. In December and November, 1851, the Association issued between five and six thousand certificates of membership, which increased the circulation of the Journal to the same amount. At this rate, before the close of the present year, it will have a larger circulation than any Weekly Paper in the United States, and as a medium for advertising will be unequalled. Its circulation is confined to no section or locality; it goes into nearly every State of the Union—in the Golden State, it will be found in nearly every mining district.

TERMS—To Members, 50 cents per year; to Others, \$1. Sent monthly to Members, gratis.

For further particulars, inquire at either of the above Offices.

All Communications should be addressed to

M. B. DEAN, President.
