

THE UNITED STATES
Life Insurance, Annuity & Trust Company,
 Charter Perpetual—Cash System. Capital \$250,000.
 OFFICE, S. E. corner Third & Chestnut Streets.

The Company, in one department, issue Policies upon the Mutual principle, with the security of a Capital Stock. This attractive combination offers to Policy holders double the ordinary security, without disturbing their right to a full participation in the distribution of profits each and every year. The system of payments is Cash in advance, and can be made with reference to the convenience of parties opening policies with the Company. Also, the DEPOSIT SYSTEM, or new plan of Life Insurance. All payments made to the Company in this department, in purchase of Insurances, are entirely optional as regards their amount, and the time at which they may be made. A party may pay as much or as little (not less than \$5,) and as often or as seldom as he may find convenient, and their is no obligation on him whatever to continue his payments. Further, the whole sums paid in are *always* at the command of the person insured during his life time, and may be at *any time* withdrawn by him in whole or in part. So that, on the plan of this Company, there is created at one and the same time, an Insurance *payable* at death, a fund *available* in sickness, and a provision for old age. — (See Company's pamphlets.)
