

BUILDING FUND
—
LIBRARY COMPANY OF PHILADELPHIA

Phil 1854

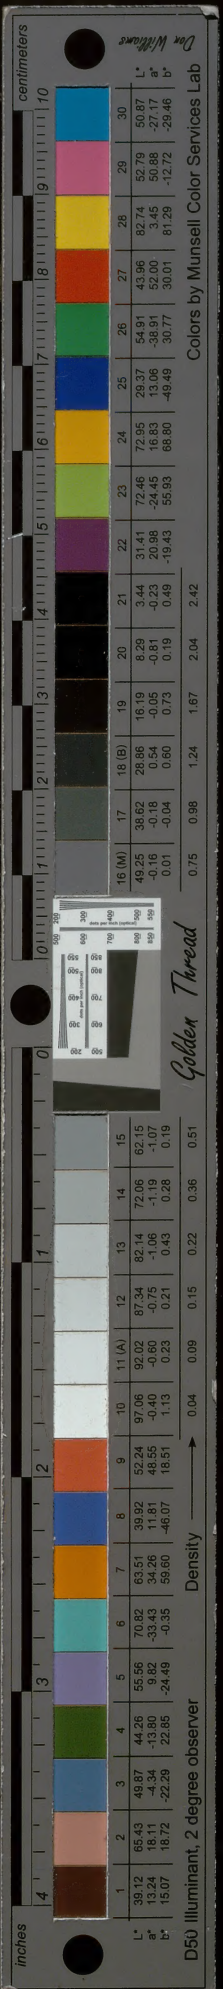

Philadelphia

1855,

Appeal
for a
Fund to erect a fire proof Building.
for the
Library Comp^y of Philada

The Directors of the Philadelphia Library Company have felt for a long time serious apprehensions with regard to the safety of the Company's property at the corner of Fifth and Library Streets, and the valuable collection of Books &c it contains. It was formerly in the midst of an open Lot, separated from the neighbouring buildings by a sufficient space to protect it from the danger of fire. But now it is so completely surrounded by stores and workshops, in some of which hazardous trades are carried on, that it has become exceedingly insecure. It is to be observed that an alarm would be almost as injurious as an actual fire, if it were necessary to throw water on the present building; the one element would be but little less destructive than the other.

The value of this Library is scarcely appreciated. It contains 65,000 volumes. It is among the very first in point of age and numbers in the United States, and many Works

are to be found in it which could never be replaced.

The disposable funds of the Company are very small, in fact, not sufficient to defray the necessary Expenses of the Library and to purchase all such modern Works as would be desirable. They for many years past have been, and must continue to be annually applied to these purposes, but still they are insufficient to enlarge the Collection as rapidly as several of the Libraries of other Cities. From this source therefore the Directors cannot derive any assistance.

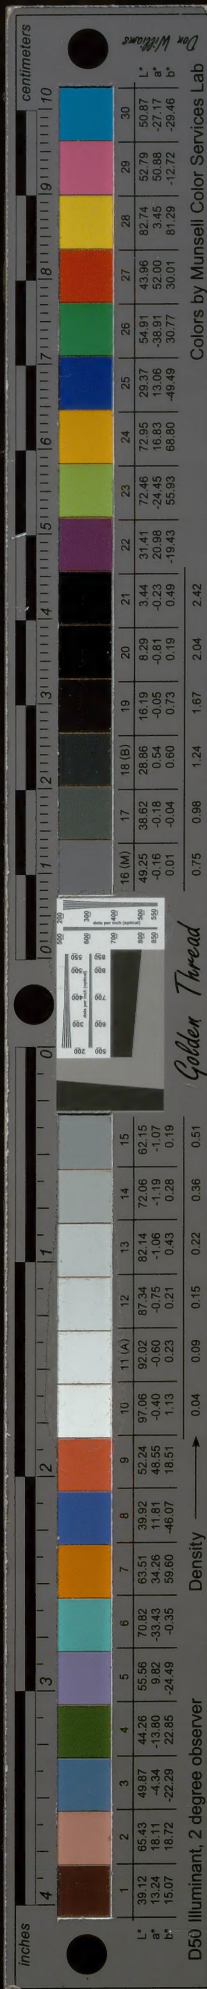

Under these circumstances, the Directors have determined to appeal to the liberality of their fellow-citizens to aid them in procuring means for the erection of a *Fire Proof Building* upon the present or any other convenient site, in which these Literary treasures may repose in security; and thereby afford evidence that Philadelphia is not unmindful of their value, nor indifferent to their security.

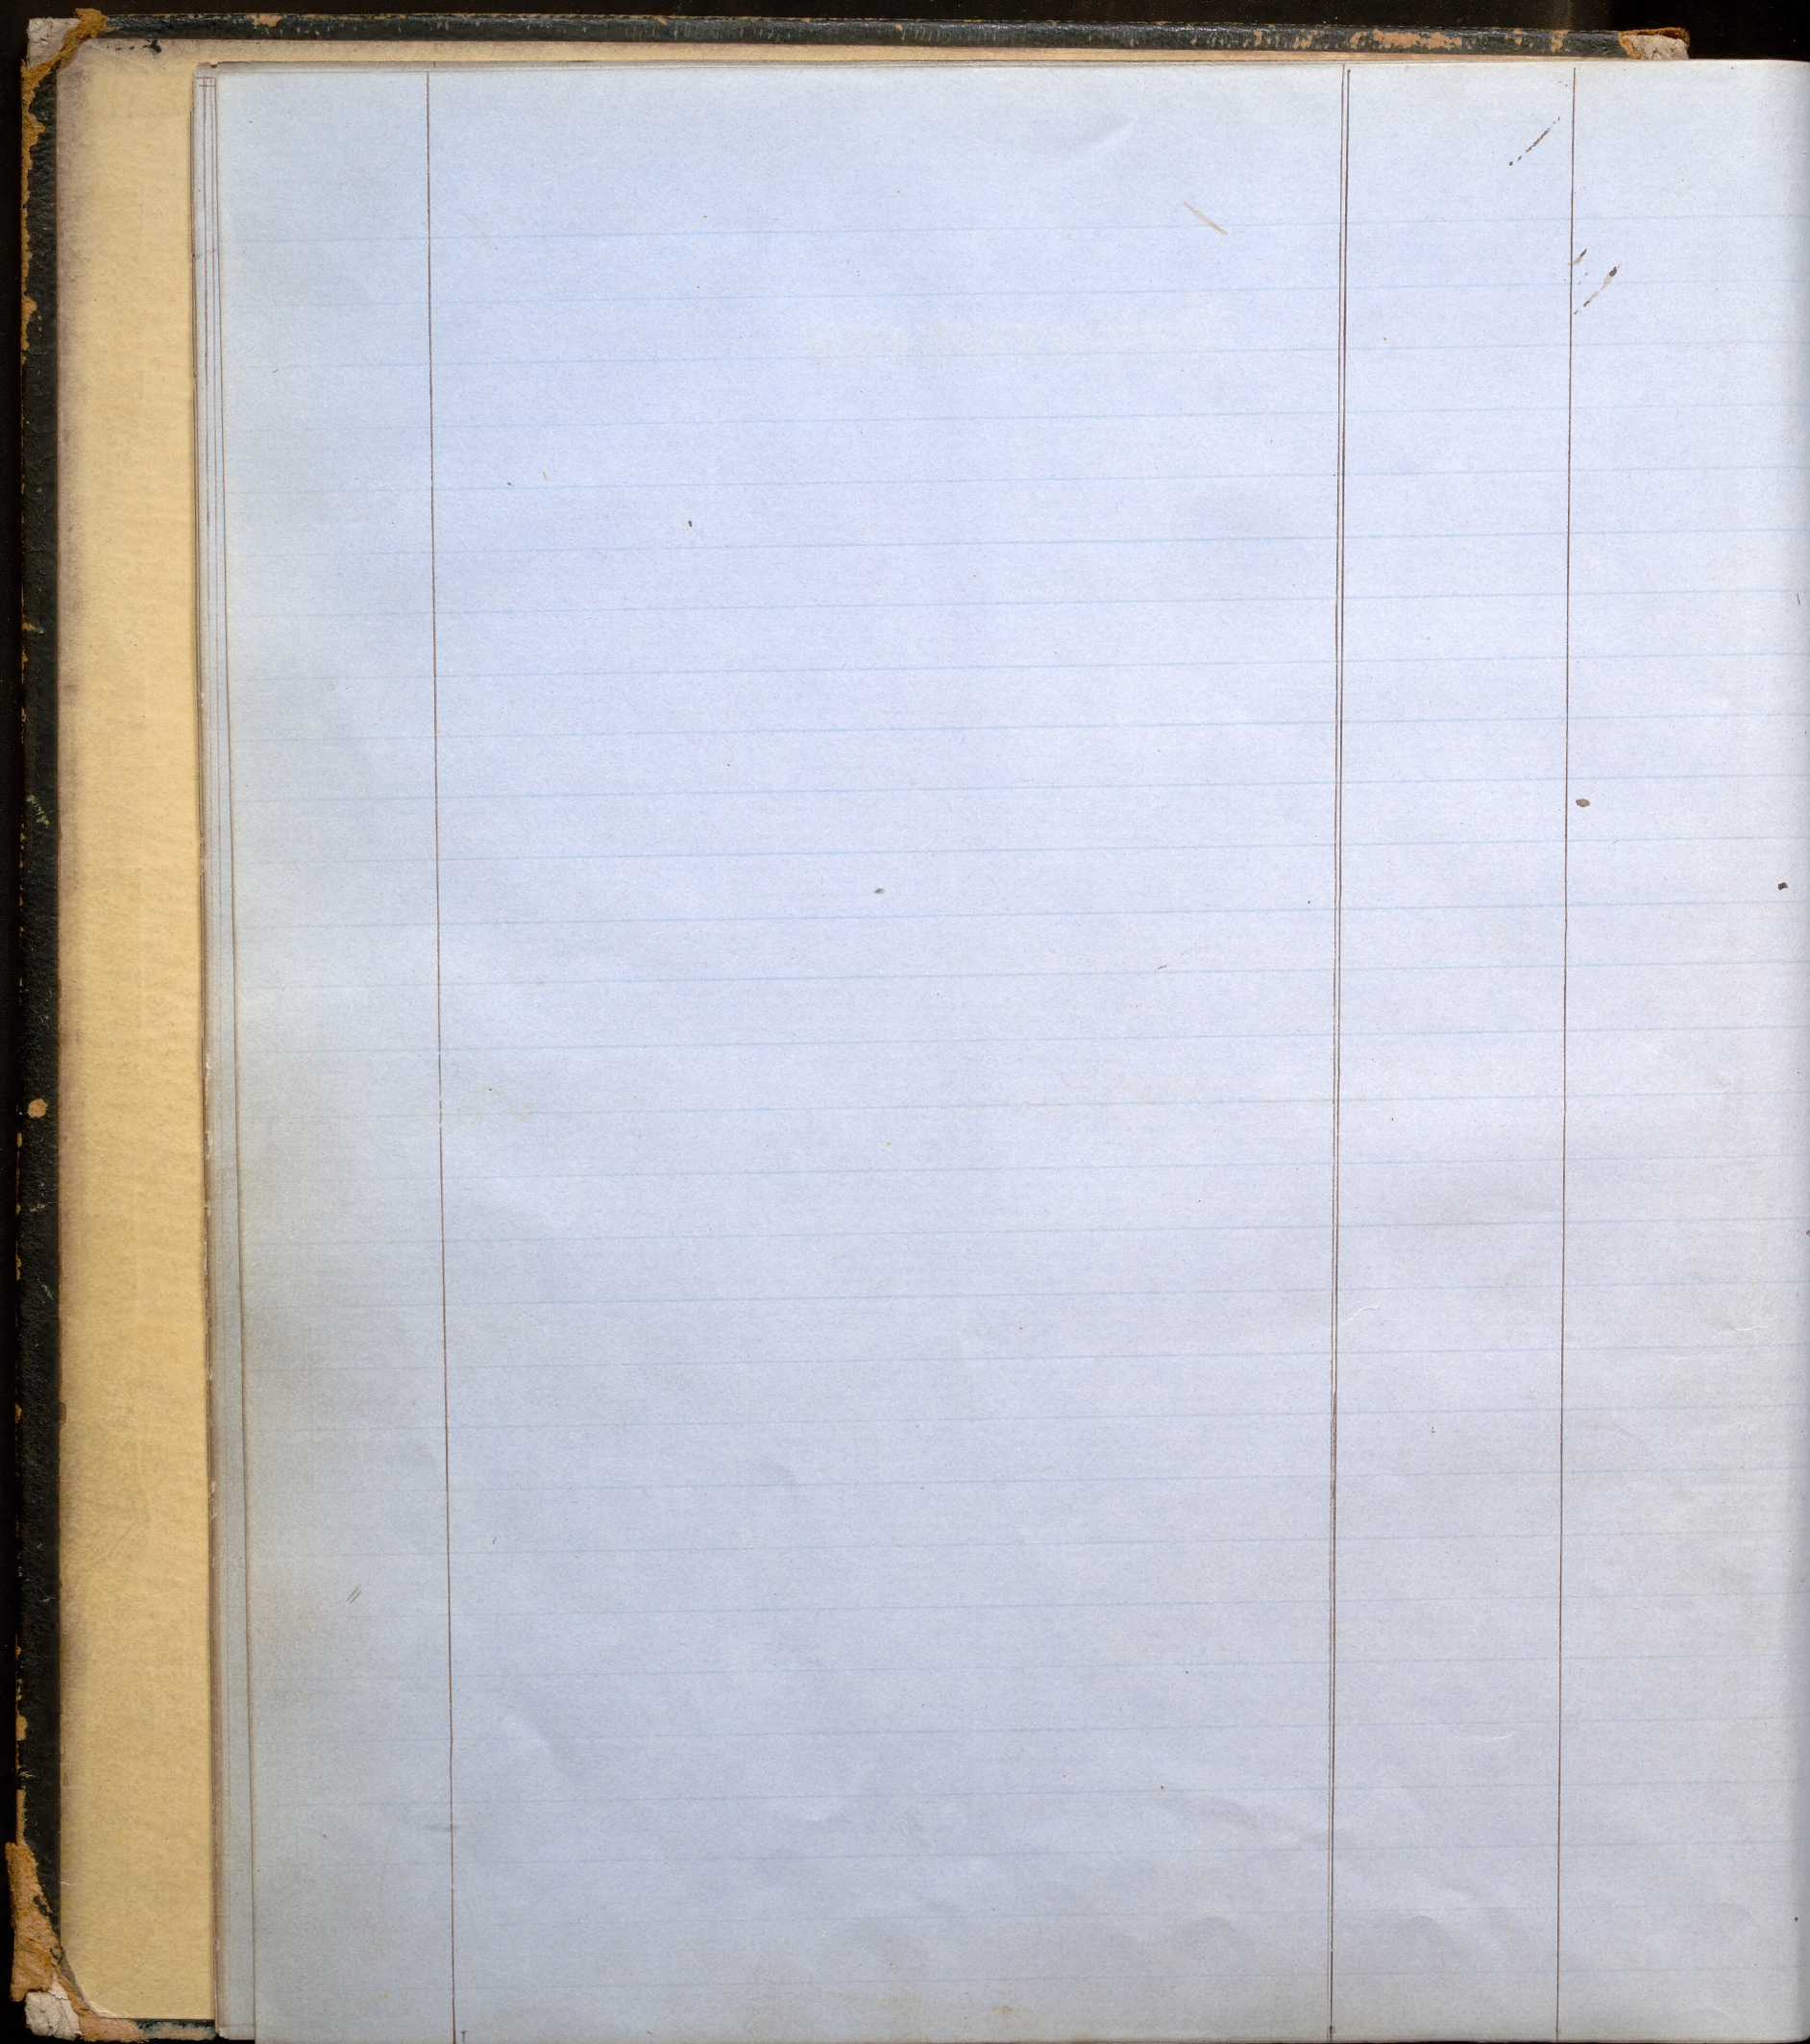

It is proposed that all Subscriptions and donations which may be received shall be deposited and invested to the credit of "The Building Fund" until they amount to a sum fully adequate to erect a fire proof building, without incurring any debt. This fund will be kept separate and distinct and held in Trust for this object only.

Subscriptions will not be binding until the sum of Twenty Thousand dollars is subscribed.
