THE Titles of the Books which have been added to the Library since the publication of the Catalogue printed in July, 1807, are contained in the subsequent pages. They are divided into two classes: Such of them (comprehending Books of all sizes) as embrace the Names of their Authors, Translators, or Editors, are placed Alphabetically—and the Titles of anonymous Works are classed, each under its proper size, according to the scientific Arrangement adopted in the preceding Catalogues.

The Italick Capitals which immediately follow the Numbers of the Books, designate the Size:—Thus,

- F. Folio.
- Q. Quarto.
- O. Octavo.
- D. Duodecimo.
