

Monday Noon

My professional Business in Bucks County which I am obliged to attend to during this Week will deprive me of the Pleasure of meeting the Directors of the Library Company tomorrow Evening — The Librarian has politely promised to ~~send~~ serve the usual Notices, and will deliver the rough Minutes of the last Meeting —

I have to report to the Board, that since the last Meeting I have both spoken and written to Mr. Fawcett for the Record Book — I informed him of the Resolution of the Board to apply to his Securities — and all without Effect — Mr. Paschall promised me to use his Influence with him to deliver it, but I have not heard of his Success — there has been a Transfer this six Weeks in my Hands to be recorded, which has neglected for want of the Book — The Board will please to make their Orders, and next Week I shall be in Town to execute them —

I have not yet received the Seeds from Mr. Sanborn — nor have I given any certificates for Shares —
I am, with much Respect, &c
