Report to Com: on Ridgway Branch

We have been a good deal annoyed by goats getting into the grounds and injuring the shrubbery: to prevent which I authorized the Janitor to alter the gates, at an expense of \$12.75, so that they now shut of themselves after a person has passed in.

The Janitor has finished the map case for the middle of the gentleman's room, and it promises to answer the purpose

Respectfully

Loyd Smith
Librarian
