Report to the Finance Committee

In accordance with the instructions of Mr. Biddle I called on Mr. W. Moore Wharton & notified him that his proposition to reduce the interest on his Mortgage of \$500. - was declined. He said he would be ready to pay it off after the 1st Oct. In the mean time it will be necessary to get an order of Court as before to enter satisfaction on the record, the original mortgage being lost. This I will attend to as soon as Mr. Rawle returns to the city. The expense this time will not be great.

Respectfully

Lloyd Smith
Treasurer
