The Revolt of Am^{er} on Resolutions

Created about 1891 - abt 1835 -
Library violated its own conscience
of its own moral side - later
erected new buildings - therefore
the brick wall which it is intended
to protect - Opinion of
Judge Han & R. that probably
nominal damages might be recovered
only - but probably no Chancellor
will grant an injunction -

Taking into consideration every thing
we thought position could not
be maintained - the press
having been advised of his rights,
Mr. Nathan Hale has any trouble
with the library or has offered
\$2000 for his rights.
