Report to the Book Committee

There is a Balance due Edward G. Allen London of £ 8. 11. 6. This will be increased next month by about £ 28. which he is accustomed to charge for the periodicals furnished by him in advance for the coming year. I recommend that a remittance be made him of say £ 150 out of the funds of the Ridgway Branch. The Ridgway Branch now owes the Library Co. \$ 317. 64 as per the accompanying of current. A remittance to Mr Allen would throw the Balance on the other side.

I lay before the Committee 7 County Histories, three atlases & 2 raised maps which I strongly recommend for purchase on of of the Ridgway Branch. I beg to call the Committees attention to Mr Vandewoot's letter enclosed in reference to certain other forthcoming County Histories which should be secured as soon as published or they will immediately be out of print.
