WINNER'S "EASY SYSTEM" FOR THE PIANO OR MELODEON.
Price, Two Dollars and Fifty Cents (\$2.50).

This work is presented as a plain and easy Method or Self-Learner, in form of a catechism, arranged in a straightforward and progressive order, introducing the various musical characters, modes of fingering, Major and Minor Scales, Exercises, &c., in a clear and practical order. The most prominent feature of the work is the choice selection of pretty melodies, particularly adapted to each key, and arranged as easy and interesting exercises. It is an invaluable work for teachers, as the fingering is marked for every melody in a careful and studied manner, most especially adapted to small hands. The most useful and prominent chords in each key are given in full, by the study of which the learner is enabled to play the proper accompaniment to almost any melody, with great facility and ease. There is nothing omitted that is requisite to make a good and skilful performer, and nothing introduced but what is necessary in the practice of the ordinary run of good compositions.

Any piece of Music published in the U. S. mailed to any address, upon receipt of the marked price. Strings for all instruments, in sets or by the dozen, sent by mail. Music neatly and durably bound. Instruments neatly repaired. Musical Instruments exchanged.

SOMETHING NEW.

WINNER'S PATENT SELF-INSTRUCTING SCALE FOR THE PIANO OR MELODEON.
Price, One Dollar (\$1); sent by mail for \$1.25.

This valuable invention consists of sections, which are set upon the white keys, showing the names of the keys and the note upon the staff which each key makes when struck. It is highly recommended by all professors of high standing, enabling the learner at once to find the notes required, without the assistance of any book or explanation from a teacher. Too much cannot be said in favor of this "new idea." It saves the learner the necessity of constantly referring to an instruction-book; for, at a single glance, every note required can be found, with the proper key immediately underneath for executing it. It insures the pupil a rapid and easy progress, without the vexation of a long and tedious study.

Persons wishing "to play a little," merely for amusement or pastime, can readily perform the ordinary tune of the day, by placing the Scale upon the keys and following the music with the corresponding notes upon the board.
